International Seminar on Renal Epidemiology

Tuesday and Wednesday
11-12 June 2019

Registration: <http://epidemionephro.com/>
Abstract (dead-line 1 April):
epinephro@gmail.com

<http://epidemionephro.com/>

Tuesday 11 June

10:00 – Welcome to delegates

10:30 – 12:10

Session 1: Transplantation
Chairman: *Thierry Lobbedez (France),
Rachel Patzer (USA)*

- 20' Julien hogan (France): Prediction of post-transplant outcome.
- 20' Rachel Patzer (USA): Pragmatic trials to Increase Access to Transplantation.
- 10' Valérie Chatelet Pouliquen (France): Transplant center characteristics associated with living donor kidney transplantation in France.
- 10' Remi Lenain (France): Dynamic propensity score applied to transplantation vs dialysis.
- 10' Pippa Bailey (UK): Barriers to living-donor kidney transplantation - mixed-methods research.
- *10' selected abstract*
- 20' discussion

12:15 – 13:00

30' Mini lecture : Methods in Data quality evaluation
(René Ecochard, France)

Lunch

14:00 – 15:30

Session 2: Spatial analysis – centre's effect
Chairman: *Cécile Couchoud (France),
Stephen McDonald (Australia)*

- 20' Florian Bayer (France): Geographic approach in centre-specific analysis.
- 20' Stephen McDonald (Australia): Travel time and mapping.
- 10' Camille Legeai (France): Transplantation's centres evaluation with CUSUM methods.
- 10' François Glowacki (France): Impact of the environment on CKD epidemiology.
- *10' selected abstract*
- 20' discussion

15:30 – 16:30

Session 3: On-going studies, collaborative projects
*Chairman: Cécile Vigneau (France),
Natalie Ebert (Germany)*

- 10' Rachael Morton (Australia): The SWIFT trial.
- 10' Bénédicte Sautenet (France): The SONG-Project, state of progress.
- 10' Cécile Vigneau (France): CKD stage 5 registry, a French pilot study.
- 10' Florence Sens (France): Epidemiology versus reality of the situation in the field: Example of Fabry disease.

- 20' discussion

Coffe break

17:00 – 18:30

Session 4: Medico-administrative database
*Chairman: Sahar Bayat (France),
Patrik Finne (Finland)*

- 20' Austin Stack (Ireland): The Irish CKD program.

- 10' Cécile Couchoud (France): ACEi/ARBs, β -blockers in incident End-Stage Renal Disease patients.
- 10' Mark Findlay (UK): Big data to look at the epidemiology of stroke in people with CKD.
- 10' Cyrielle Parmentier (France): Pediatric pathway of care before ESRD.
- 10' Lucile Mercadal (France): Dialysate composition and mortality.
- 10' François Gaillard (France): Lupus extinction in haemodialysis: healthcare consumption in a cohort of incident patients.

- 20' discussion

18:30 – 19:00

“Over a glass”
Chairman: Florence Sens (France)

- *Selected oral Poster presentation*

Wednesday 12 June

9 :00 – 10 :30

Session 5: Model of Care
*Chairman: Olivier Moranne (France),
Fergus Caskey (UK)*

- **20' Fergus Caskey (UK): Conservative care RCT.**
- **10' Olivier Moranne (France): Outpatient care pathway for survivors of AKI: evaluation of nephrologist outpatient 90 days after severe AKI (IRACIBLE study).**
- **10' Julien Prouvot (France): Performance of prognosis tools for decision making in elderly reaching ESRD.**
- **10' Mathilde Lassalle (France): Dialysis withdrawal.**
- **10' Fergus Caskey (UK): Tackling AKI - a stepped wedge cluster randomised trial of a complex.**
- **10' Natalie Ebert (Germany) Incidence and Outcomes in Acute Kidney Injury amongst Older Adults – Data from the Berlin Initiative Study (BIS).**
- **20' discussion**

10:30 – 11:15

30 ' Mini lecture : Mediation analysis in epidemiology
(Bénédicte Driollet, France)

Coffe break

11:40 – 13:10

Session 6: Qualitative and health economic approaches
*Chairman: Carole Ayav (France),
Rachael Morton (Australia)*

- **20' Sahar Bayat (France): dialysis emergency start.**
- **10' Carole Ayav (France): French utility in ESRD patients.**
- **10' Alex Hamilton (UK) SPEAK - a survey of psychosocial outcomes in you adults.**
- **10' Hubert Yao (Ivory Coast): State of progress of the Ivory ESRD registry**
- *20' selected abstract*
- **20' discussion**

Lunch

14 :10 – 15 :40

Session 7: Miscellaneous
Chairman: Emmanuel Villar (France),
Austin Stack (Ireland)

- 10' Mark Marshall (New Zealand): Chinese medicine evaluation.
- 10' Kevan Polkinghorne (Australia): Changes in Body Mass Index and Rates of Death and Transplant in Hemodialysis Patients: A Latent Class Joint Modeling Approach.
- 10' Antoine Lanot (France): Patterns of practices and risk of technique failure in peritoneal dialysis.
- 10' Fergus Caskey (UK): H4RT - a high volume HDF vs high flux HD registry trial.
- 10' Natalie Ebert (Germany) Control of Blood Pressure and Risk of Mortality in a Cohort of Older Adults: The Berlin Initiative Study.
- 10' Christian Jacquelinet (France) The hazard of Hazard ratio, ten years after.
- *10' selected abstract*
- 20' discussion

15:50 – Conclusion
